Building Houses People Can Afford

Creating quality homes, connected communities and lasting value.

Africa Panorama Real Estate Development Company Limited is a Zambia-based integrated property development and investment group with a long-term vision for growth across Africa.

We develop well-planned residential communities and commercial properties that respond to the growing demand for quality, accessible housing. Through flexible payment plans, we aim to make homeownership more attainable while creating modern, sustainable communities designed for long-term value.

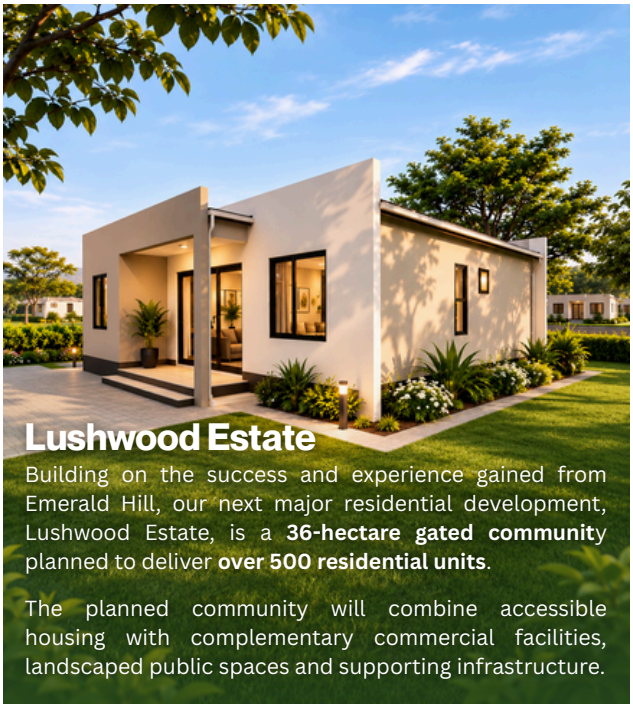

Emerald Hill Housing Project

Our flagship development in Lusaka, Emerald Hill, is a thoughtfully planned 47-hectare gated community with approximately 770 residential units and more than 8,000 m² of commercial property.

It combines quality housing with convenient amenities, landscaped surroundings and essential community infrastructure.

LUSHWOOD ESTATE

Lushwood Estate

Building on the success and experience gained from Emerald Hill, our next major residential development, Lushwood Estate, is a **36-hectare gated community** planned to deliver **over 500 residential units**.

The planned community will combine accessible housing with complementary commercial facilities, landscaped public spaces and supporting infrastructure.

Beyond the Blueprint

We are strengthening our presence in Zambia, with plans to expand into other African markets, creating quality homes, vibrant communities, employment opportunities and lasting value for our customers, partners and investors.

WHAT WE DO

- Real Estate Development
- Property Management
- Construction & Installation
- Landscaping & Finishing

Altair

Delivering Affordable Housing Solutions

With over 35 years of global experience, Altair provides specialist consultancy services to support governments, DFIs, private investors, and housing organisations to design and implement effective, scalable housing solutions. Our international work spans Africa, Asia, and beyond, focusing on:

- Market Assessment
- Policy & Strategy
- Implementation Support
- Affordable Housing Finance
- Climate-Smart Housing
- Capacity Building

Every solution we provide is tailored to the local context and rooted in sustainability, ensuring long-term success for governments, financial institutions, and private developers.
